# *Why is Innisbrook the perfect location for our Play Like a Pro event? It's Simple.....*

## **THE PERFECT FOURSOME**

### **AN OVERVIEW OF OUR FOUR UNIQUE COURSES**

Located only 20 miles from Tampa International Airport on Florida's sparkling Gulf Coast, Innisbrook Resort & Golf Club is regarded as one of the country's most celebrated golf destinations. As golf is a game of tradition, Innisbrook has made it a personal motto to consistently offer both sensational service and the type of pristine course conditions that one might expect to find at only the finest private country clubs.

Here you'll play four championship layouts featuring up to 70 to 80 feet of elevation change reminding golfers of the finest course in the Carolinas.

Innisbrook is probably best known for the Top 100 Copperhead Golf Course... home to the PGA TOUR's PODS Championship. Paul Azinger calls Copperhead "The best course we play on TOUR." Curtis Strange said "If I could only play one course the rest of my life it would be Copperhead. It has that much character." And Stewart Cink said "Copperhead could host a US Open."

If you were to ask our members many will say that our Island Course is even better than Copperhead. The Island has played host to numerous U.S. Open Qualifiers and is the site of one of Phil Mickelson's NCAA Championships. We call the Island our "Jurassic Golf" experience as your magically transported to the Low Country of the Carolinas or the most beautiful areas of Georgia

Our Highlands North and Highlands South Courses are not quite as long as Copperhead and the Island but they can be every bit as challenging.

In addition to outstanding golf courses, Innisbrook also offer three award-winning golf shops presenting the finest in merchandise and equipment, and perhaps most important, a professional, service-oriented staff that takes personal delight in exceeding all expectations.
